A few things that are important to us...

We hope you will feel at home at The Cabin... In our opinion life is too short to not enjoy the moment – great coffee, great food, great ambience.

We believe in the well-being of people and planet, so all our take-away packaging is eco-friendly, our coffee is ethically sourced, and we use a number of local producers.

Thank you for supporting our independent coffee business. There are feedback cards at the till and we are always keen to know what you have enjoyed as well as how we might do better, so do fill them in and put them in the box. Or let us know your thoughts in person.

You can find us on...
